MAD RUSH TO SELL

Speaker Crisp's Remark About Tariff Tinkering Used

TO BEAR THE STOCK MARKET

There was a rush to sell the industries at the opening on Chicago, quoting Speaker Crisp as saying that the first business of congress will be to take hold of the tariff. The bears, who just now are in the ascendant, made a drive at Sugar, Distillers and Chicago. Gas on the theory that whatever may be the outcome of the legislation the industries were bound to suffer. The industries scored serious losses. The market closed lower.

Net losses for the day were ½% per cent. Total sales were 207,563 shares.
